BIG SLEEP

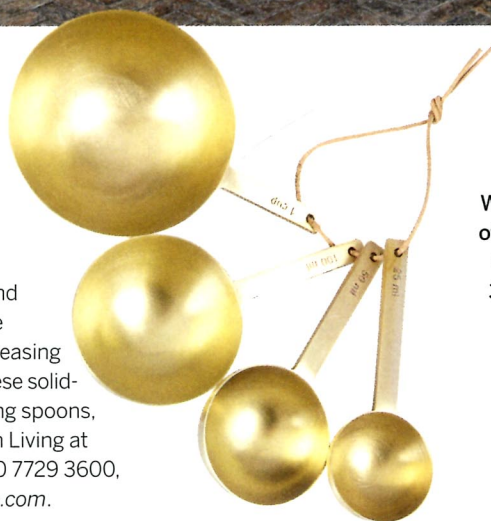

Sacha Walckhoff, product designer and creative director of Christian Lacroix, has joined the likes of Nicky Haslam, Mary Fox Linton and Jane Churchill in designing for Savoir Beds, 020 7493 4444, savoireds.co.uk. In true Walckhoff style, the B bed is both flamboyant and quirky. Its towering headboard is made from pocket springs, while its cubbyholes, which reference Seventies furniture, can be reconfigured to suit you. The B bed is upholstered in Powder Blue novasuede by Alcantara, but it can also be covered in a fabric of your choice; a full bed set starts at £25,405.
